In the Matter of:

THE APPLICATION OF NORTH WOODFORD )	
COUNTY WATER DISTRICT FOR APPROVAL )	CASE NO. 10336
OF THE NEW WATER LINE EXTENSION )	
POLICY )	

O R D E R

On July 20, 1988, North Woodford County Water District ("District") filed a proposed regulation as permitted by 807 KAR 5:066, Section 12(4) of the Commission's regulations for water main extensions ("Extension") that require contributions of Extension footage by both District and customers connected directly to the Extension.

Adoption of the Commission's new policy for the extension of water mains as a part of District's regulations requires properly worded statements suitable for inclusion in District's existing regulations. District's submittal, however, consisted of a transmittal letter and a calculation sheet. Such a submittal does not conform to the format prescribed by 807 KAR 5:011, Section 15 of the Commission regulations.

IT IS THEREFORE ORDERED that District file its proposed Extension regulation in accordance with the requirements of 807 KAR 5:011. Said filing should be made within 30 days of the date of this Order.

Done at Frankfort, Kentucky, this 7th day of September, 1988.
